To Whom It May Concern:

Kevin Ransom and Preventive Maintenance finished our basement from bare basement walls to finished product in Dakota Ridge in early 2014. The beautiful finished basement included two bedrooms, a living room, a bathroom and a secret “bookshelf” door leading into the utility room. Of course, we pulled a permit, and everything was within code.

We chose Kevin and Preventive Maintenance over eleven other contractors, and it was the best choice we could have made.

Kevin delivered on everything that he promised within his bid, at the same price with excellent workmanship. They did not cut any corners. Nine months later, we are still thrilled with his work. It is clear that Kevin and his group take great pride in the work that they do.

I would choose Kevin again without question, and I strongly recommend Kevin and his company, Preventive Maintenance. If you have any questions, please contact me.

Sincerely,

Michelle Marceny
